REAL ESTATE ASSESSMENT CENTER

COMMUNICATIONS

The Housing Authority of the City of Live Oak is establishing a better form of communication with its residents by providing communication to each resident in the form of written notice. This form of communication will inform residents of rule and regulation, support the resident ideas, be responsive to the residents needs and inform the residents.

SAFETY

The Housing Authority of the City of Live Oak will work with the Dunn Police Department to provide additional patrol on the community and become more visible to provide the resident with a better feeling of safety.

NEIGHBORHOOD APPEARANCE

The Housing Authority of the City of Live Oak has begun a more concentrated program to improve the appearance of the community along with having the vendors improve their service to the housing authority.

Housing Authority Policy for the Implementation of Community Service and Self-Sufficiency Requirements

The Housing Authority, to meet the Community Service requirements, offers the Public Housing Resident an opportunity to contribute to the community that supports them.

The community service opportunities, or locations, will include but are not limited to: within the jurisdiction; activities to improve the physical environment of the resident's development; volunteer work in local schools, hospitals, child care centers or a approved non-profit social service agencies. No resident will perform community service with any political affiliation or activities.

The PHA can administer its own community service program, form cooperative relationship with other entities in order to make opportunities available for residents, or contract the entire community service program to a third party. The PHA retains full authority and responsibility to assure contract compliance, should the program be contracted to a third party. Should a for-profit, third party be utilized, the PHA should ensure that the administration that oversees the program does not have a financial interest in the entity, where community service participants are assigned.

The PHA will, to the extent possible, attempt to ensure that the conditions under which the work is to be performed are not otherwise hazardous, that the work is not labor that would be performed by the PHA's employees responsible for essential maintenance and property service, or that the work is otherwise unacceptable.

Should the PHA have a self-sufficiency program, the self-sufficiency program activities may, if acceptable, be substituted for the community service requirements.
